EXAMINER'S AMENDMEN AND REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ramon Tabtiang on November 8, 2004.

The application has been amended as follows:

Change claim 72 to read the following:

--72. The fusion protein of claims 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, or 69 that is isolated.--

The following is an examiner's statement of reasons for allowance:

After a careful reading of applicants Remarks in the instant amendment, it was decided to allow the application. Applicants successfully pointed out where in the specification all three of the arguments in the previous action are answered. Thus since the claims are limited to "[a] non-naturally occurring enterokinase-cleavable fusion protein", the instant claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles L. Patterson, Jr., PhD, whose telephone number is 571-272-0936.
